

Report of Outcomes Assessment Results

Institution: _____ Alaska Pacific University

Academic Business Unit: _____ Business Administration Department

Academic Year: _____ 2015/16

Business Administration Department

Intended Student Learning Outcomes for Master of Business Administration

N=15

1. Gain an appreciation of the local, domestic, and global environments as they relate to business leadership
2. Enhance business judgment and identify sound management methods including the ability to think critically and strategically
3. Attain an understanding of, and ability to appropriately leverage, interpersonal relationships and team work within an organization
4. Develop analytical expertise and functional frameworks drawn from a broad range of managerial skills including accounting, finance, economics, marketing, management, and law; understand organizational systems to accommodate and build on these functional areas
5. Develop analytical expertise and functional frameworks drawn from a broad range of managerial skills including accounting, finance, economics, marketing, management, and law; understand organizational systems to accommodate and build on these functional areas
6. Establish outstanding multi-method communication skills appropriate for leadership positions
7. Recognize the value of effective and ethical leadership so they can lead themselves, others, and organizations

**Assessment Instruments for Intended Student Learning Outcomes—
Direct Measures of Student Learning:**

Performance Objectives (Targets/Criteria) for Direct Measures:

Capstone Presentation & Performance

General Program ISLOs Assessed by this Measure: *Outcomes List*

1. Gain an appreciation of the local, domestic, and global environments as they relate to business leadership
2. Enhance business judgment and identify sound management methods including the ability to think critically and strategically
3. Attain an understanding of, and ability to appropriately leverage, interpersonal relationships and team work within an organization
4. Develop analytical expertise and functional frameworks drawn from a broad range of managerial skills including accounting, finance, economics, marketing, management, and law;
5. Acquire an ability to incorporate appropriate quantitative and qualitative data, including an appreciation for the value and costs of obtaining data, into management decisions
6. Establish outstanding multi-method communication skills appropriate for leadership positions
7. Recognize the value of effective and ethical leadership so they can lead themselves, others, and organizations

Objective (Target/Criterion) for Direct Measure 1

Capstone student presentation & performance: At least 65% of students receive an average score of 80% or higher (SLOs 1, 6 & 7)

#1: Board Query (demonstrated appreciation for local environments): 0% achieved 80% or higher

#6: No metrics in the capstone course was used to measure this outcome

*#7: HR Functional score: 53% achieved 65% or higher
Operations functional score: 31% achieved 65% or higher*

<p><i>Capstone CompXm</i></p> <p>General Program ISLOs Assessed by this Measure: <i>Outcomes List</i></p> <ol style="list-style-type: none"> 1. Assessment Results: Master of Business Administration

Summary of Results from Implementing Direct Measures of Student Learning:

Summary of Results for Direct Measure 1: Capstone Presentation & Performance: Students demonstrate this outcome in teams. See results in above table.

Summary of Results for Direct Measure 2: CompXM scores in the functional domains of Accounting, Finance, Strategy, Marketing, Operations, and HR were consistently close to (in fall 2015) or above (in spring 2016) national average. However, individuals learning outcome targets were not met. See results in above table

Summary of Results from Implementing Indirect Measures of Student Learning:

Summary of Results for Indirect Measure 1: Met outcomes

Summary of Results for Indirect Measure 2: Employer Focus Group not conducted
