

POSSIBLE RESPONSES/ACTIONS WHEN YOU SEE SOMEONE VIOLATING APU SMOKE & TOBACCO FREE POLICY:

"Hello. Did you know our campus recently went smoke and tobacco-free? I don't want you to get into trouble. Would you please respect our policy and put your cigarette out (or other tobacco product) and dispose of it in the nearest trash can? Thank you very much for making our campus healthier and cleaner."

Try the SMOKE approach:

SMILE and introduce yourself

MAKE THE ASSUMPTION that they do not know about the policy and tell them about it

OFFER the person ways to find more information (website, email smokefree@alaskapacific.edu, etc.)

KINDLY ask them to respect the policy

ENFORCE the policy by asking them to dispose of their tobacco

Approach them the way you would want to be approached if someone was telling you to stop something you were doing.
