STUDENT HANDBOOK STATEMENT

This handbook contains information regarding some of the available resources for Alaska Pacific University students, as well as descriptions of non-academic policies and procedures. Information regarding courses, registration, and other academic policies and procedures can be found in the Academic Catalog. The Dean of Students Office, the Campus Life Office, and the Associated Students of Alaska Pacific University (ASAPU) develop this publication.

Dear Students,

I would like to welcome you to Alaska Pacific University. It is always exciting to start another academic year here at APU. If you are a new student, I welcome you to our community of learning and I hope you will find your time here both challenging and rewarding. For returning students, I trust your time away has been filled with adventure and contemplation.

Found within this student handbook are summaries of student services available to you. Also included are important policies and procedures that apply to various aspects of student life at APU. I encourage you to read through this information and become familiar with the many resources. In addition to understanding the student handbook, another way to begin engaging with the community is to introduce yourself to others. Opportunities for learning can be found in every conversation. Joining a student club or attending the abundant student programs around campus are great ways to have a positive impact on the community.

I hope you find APU to be an inclusive and caring place, but it is important to remember that the university community is also here to challenge you to be a better version of yourself. It is likely that you will not only meet people from various backgrounds but that you will also encounter different ways of thinking about the world and our place in it. I implore you to learn from these dialogues and let them guide you forward on a path of growth both inside and outside the classroom.

Sincerely,

Benjamin Hahn
Dean of Students

all APU students. All services offered through the Counseling and Wellness Center are confidential. The Counseling and Wellness Center can also provide referrals to outside resources.

The Counseling and Wellness Center organizes educational activities at APU designed to promote campus wellness, including movie nights, speakers, and presentations.

DEAN OF STUDENTS OFFICE
DOSOff@alaskapacific.edu
(907) 564-8287

Atwood Center 116

The Dean of Students Office is involved in creating opportunities for Alaska Pacific University students to learn, grow, and become involved in student life. Some of the student services that are managed by the Dean of Students Office include:

- Student Leadership Awards
- Student Conduct System
- Student Grievances
- Orientation and Honors Assembly
- Disability Support Services

Disability Support Services (DSS)

dss@alaskapacific.edu

(907) 564-8287

Atwood Center 113

In accordance with the Americans with Disabilities Act of 1990, it is the policy of Alaska Pacific University to make reasonable accommodations for qualified students with disabilities. An accommodation is a modification or service that provides a student with a documented disability an equal opportunity to benefit from the educational process. Reasonable accommodations include modifications and adjustments that do not fundamentally alter or lower the standards of an instructional program.

DSS supports and advocates for students who experience disabilities. DSS also coordinates support services and reasonable accommodations for APU students who experience disabilities and provides resources for the University and community. If a student with a disability would like to request reasonable accommodation, the student is encouraged to notify the DSS Coordinator.

We encourage all students to be their own advocates. Under the ADA, accommodations are student-led in a post-secondary environment. Once contacted, Disability Support Services determines eligibility on an individualized basis through interactive dialogue with the student, a review of diagnostic reports, and a best-practices approach. Students who would like to discuss accommodation options should schedule a meeting with DSS. We can help walk you through the process for providing current diagnostic and evaluative reports and requesting reasonable accommodations that are supported by documentation. Advanced planning is strongly encouraged. Students may request accommodations at any point during their time at APU. However, they should provide DSS with as much notice as possible. The DSS Office will make a good faith effort to determine eligibility as soon as the request and any necessary documentation is received and provide reasonable accommodation(s), if approved.

Distance or online learning and teaching may be new territory for some students and faculty. Remember that DSS is a resource to support students, faculty, and staff. It is important to understand that the University is responsible for ensuring accessible courses,

programs, and services. Facilitating access and promoting an inclusive environment for our students is paramount.

All publications (web and print), as well as all events that take place on APU campuses, must be accessible to eligible persons with disabilities. Whenever possible, materials and events should be accessible by design. When adjustment is needed, Disability Support Services can provide assistance.

Departments and/or clubs and individual entities hosting events or publishing information are ultimately responsible for ensuring that adequate notice is given so that eligible persons can make requests for accommodation in a timely manner.

International Student Services

Once admitted through the Admissions Office, the Dean of Students Office provides international students with guidance regarding US Homeland Security Policies. The Dean of Students Office also orients international students to APU and helps identify on-campus resources for their continued student success.

DINING SERVICES

Atwood Center 207

conferencing@alaskapacific.edu
(907) 564-8078

Our dining staff works hard to provide quality, home-cooked meals for our students. Dining Services prepares 19 meals each week for students living on campus and uses locally sourced ingredients whenever possible.

With advance notice, staff can prepare "meals to go" for students participating in field work or who are otherwise unable to attend regular meal service hours. Students without a meal plan may purchase meals directly in the dining hall or establish a declining balance on their student account by contacting Dining Services.

McMillen Student Center Mealtimes

Monday - Friday

Breakfast 7:00 - 9:00 am

Lunch 11:30 - 1:30 pm

Dinner 4:30 - 6:30 pm

Saturday & Sunday

Brunch 10:30 -12:30 pm

Dinner 4:30 - 6:30 pm

Do you have a special request or dietary need? Let the staff know and we will do our best to accommodate you. You can also indicate this on your housing application.

Campus Dining Expectations & Policies

The meal plan begins on the day the residence halls open and ends on the last day of classes for each block or session. Dining services are not provided during winter or summer breaks.

Meals served on non-class days (including university closures, holidays, breaks between blocks and sessions, and Spring Break) will follow the weekend brunch and dinner schedule.

Meals should be consumed in the dining hall, except for approved to-go meals and sack lunches. Food may not be removed from the dining hall for later consumption or shared with others.

Students are expected to return used dishes to the designated dish return shelves. Dishes, glassware, and utensils may not be removed from the dining hall.

State health regulations require all individuals to wear shirts and shoes while in the Atwood Center dining areas.

Guests are welcome to dine in the dining hall but must pay for their meals using cash, debit, or credit card.

Unused meals may not be transferred to another individual and are non-refundable except in extraordinary circumstances approved by the university. Any unused meal plan balance associated with a semester meal plan expires at the end of that semester and does not roll over to future semesters/summer or winter breaks. Unused meal plan funds will be forfeited at the conclusion of the semester.

Students participating in a course-related trip lasting more than three days may request a meal plan reimbursement through the Campus Life Office. Approved requests will be reimbursed at 50% of the applicable per diem meal plan cost. Reimbursement requests must be submitted and approved prior to departure.

Reimbursements will not be granted for any other absences occurring during the term of the housing and meal plan contract.

Intentionally disregarding dining policies may result in disciplinary action. Possible sanctions include:

- Reimbursement to the University
- Community Service
- Disciplinary fines
- Full or Partial loss of meal services without reimbursement

Sack Meals

Students traveling for a class during a scheduled meal period may request a sack meal. Requests must be submitted at least two business days in advance to allow adequate preparation.

Requests submitted on the day of travel will not be accommodated.

To request a sack meal, email the Kitchen Manager and include the date of the class trip, the meal requested (breakfast, brunch, lunch, or dinner), the course name and number, and the instructor's name. Students with food allergies or dietary restrictions should also include that information in their request.

Recycling

Please place recyclable materials in the designated blue recycling containers located throughout campus (excluding North and South Atwood).

Accepted recyclable materials include plastics #1 and #2, aluminum, tin, and mixed paper. Cardboard may also be recycled but must be placed in the designated receptacles located behind Grant Hall and near the entrance to University Row. Glass recycling is accepted in the dark gray collection bin located inside the Atwood Center near the rear first-floor entrance.

Non-recyclable items include plastic bags, plastic clamshell containers, and food-contaminated cardboard such as pizza boxes and frozen meal packaging.

GEOGRAPHIC INFORMATION SYSTEM (GIS) LAB

Grant Hall 306

ithelpdesk@alaskapacific.edu

(907) 564-8350

Rooms 306-8: The GIS lab has 20 Windows computers. In addition to the standard installation of Microsoft Office, the GIS lab includes ArcGIS and limited copies of other advanced scientific software. The GIS lab is primarily used for APU classes and training sessions, but serves as an open lab for student use during the remainder of the time. Scanners and a variety of printing options are available for students and employees in the GIS lab. Hours of operation will be posted before each semester and updated for breaks.

INFORMATION TECHNOLOGY (IT)

Grant Hall 115

ithelpdesk@alaskapacific.edu

(907) 564-8350

The Alaska Pacific University IT department supports APU-owned computers, printers, scanners, fax machines, phones, copiers, and the entire APU network. IT collaborates with the Academic Support Center (ASC) to evaluate existing and emerging technologies, and to provide technology tools, training, and leadership for APU students and employees. Wireless internet is available throughout the entire campus. Students and employees can connect to the wireless network using their current APU account username and password.

IT Department hours of operation: Monday - Friday, 8:00 - 5:00 pm

Student ID Cards: The IT department is where students will get their photo ID. The student ID is needed for entry to on-campus housing in North Atwood and Segelhorst. Students need a current APU ID to access both the People Mover bus system and the APU/UAA Consortium Library. The ID Cards must be scanned on an exterior door reader at least every 30 days to maintain access to the buildings.

Email communication: All enrolled students and employees have an APU email account. It is important that students routinely check their email for important announcements and updates. All official APU communications are sent via APU email addresses.

Microsoft 365 licensing is provided for all students while they have an active account. This includes 1TB of OneDrive storage, Exchange Online email which can hold up to 100GB of data, collaboration tools such as Teams and Planner, MS Forms, and the ability to download the full Office Suite to 5 personal devices.

KELLOGG CAMPUS

Palmer, AK

kelloggcampus@alaskapacific.edu
(907) 564-8613

The Kellogg Campus sits on over 800-acres in the Matanuska Susitna Valley, 40 miles north of Anchorage. In 1973, the land was given in trust to Alaska Methodist University by its owner, V. Louise Kellogg, a Board of Trustees member. It is now managed by APU, overseen by the Dewolf Kellogg Trust.

APU programs on the Kellogg Campus include Spring Creek Farm, a vegetable farm that uses organic practices, the Kellogg FIELD School, an outdoor, place-based homeschool program for K-8 students, Camp Kellogg, a nature-based summer day camp program, the Master of Science degree in Outdoor and Environmental Education program, and a variety of grant-funded agricultural education programs. Portions of the Kellogg Campus are leased to a local hay farmer. In 2018, the Trust finalized an agricultural land easement, preserving 74 acres of this campus as agricultural land in perpetuity.

The Kellogg Campus welcomes student groups and individuals to visit, volunteer, and participate in the stewardship of this land. During farm production months (May - Oct) the Kellogg campus can prearrange volunteer opportunities, for-credit practicums, and student projects on the farm or at our Anchorage-based farm stand. APU students can also reserve space for student groups to hold meetings, retreats, and recreational events. Finally, students are welcome to submit proposals for junior and senior internships, practicums, and projects. Reach out to the Kellogg Campus Director for details and directions.

Policies and Procedures

The following section provides descriptions of policies and procedures that pertain to student life at Alaska Pacific University. ACADEMIC INTEGRITY & PLAGIARISM

Grant Hall 101

Provost Office: (907) 564-8261

provost@alaskapacific.edu

Academic Integrity is the term used to refer to some of the most important values of the Alaska Pacific University community. APU holds high standards and expectations for the quality and honesty of our work and for the work of other members of the academic community. APU community members rely on one another to live up to these standards because the quality and value of our own academic work depends on the trustworthiness of the work done by our colleagues. Academic work is like building blocks as the work of one academic builds upon another; therefore, it is imperative that we acknowledge and properly document the sources of information that we are using. This will also ensure that others can locate the original information if they want to know more.

The reputation of our academic work is founded on whether others can use it with confidence and feel confident that their own contributions will be acknowledged. Similarly, the reputation of APU and respect for the value of the qualifications we gain from it are earned and maintained through the integrity of our work.

Plagiarism and Cheating

For the purpose of this policy, cheating and plagiarism are defined as actions that violate the university's objective to develop students' capacity for analytical thinking that stems from deep engagement with coursework.

Cheating happens when students use deceit or unauthorized help in an attempt to earn academic credit by misrepresenting

their work. Examples of cheating include but are not limited to copying from others; using disallowed materials during exams; submitting work done by someone else; or working with others on an assignment when instructions do not permit collaborating.

Plagiarism is the act of presenting as your own the ideas, words or work of other people and failing to cite the source of this material. Examples of plagiarism include but are not limited to copying and pasting from a source or paraphrasing too closely. Self-plagiarism occurs when you reuse your own previously completed work in an attempt to present it as new or original.

Academic integrity is maintained by the responsible and ethical use of Gen AI tools to advance learning. Faculty have a duty to state when and how the use of GenAI tools is permitted.

When GenAI tools are permitted and generated responses are used to complete assignments, GenAI must be cited as is the case with any other source of information.

When GenAI tools are permitted and generated responses are cited, students are responsible for the accuracy of those responses as is the case with any other cited source of information

Examples of AI-related academic dishonesty include but are not limited to:

- Submitting work generated, primarily produced, substantially altered or revised by generative AI tools without permission from the instructor or proper attribution or both.
- Using generative AI tools to complete key elements of an assignment when such tools are prohibited by the instructor, assignment guidelines or course policy. Examples of unauthorized use include writing entire essays, performing complex analyses, solving required mathematical problems, creating unique software code or generating complete research data sets.
- Failing to retain, produce upon request or falsifying documentation that demonstrates the student's substantial and original contribution to the submitted work, particularly when AI use has been authorized.

- Examples of academic dishonesty that do not involve the use of GenAI include but are not limited to:
- Copying someone else's work, whether published or unpublished, in whole or in part, without proper acknowledgment of the work's source.
- Copying the work someone else, in whole or in part, without acknowledgement or with only minor changes in wording or phrasing.
- Paraphrasing of another's work without proper acknowledgments.
- Submitting as your own work an assignment that was prepared by someone else or purchased from another person or outlet.
- Submitting as your own the contents of a computer file that was prepared by someone else.

Instructor's Role: A conference between the student and instructor is the first and may be the only step in addressing alleged violations of the Academic Integrity Policy. Once the instructor contacts the student (within a reasonable timeframe), the instructor will inform the student of the details of the alleged violation and will give the student a copy of the Academic Integrity Policy. It is up to the instructor to present evidence of the violation. The student will be given the opportunity to respond and may explain any misconduct.

The instructor has the authority to:

1. Require the student to revise or replace the work (faculty may assign a deferred grade)
2. Require the student to complete another assignment
3. Reduce the grade on the assignment or course
4. Assign a grade of F or zero on the assignment
5. Assign a final grade penalty for the course
6. Assign a failing grade for the course
7. Refer the matter to the Provost

Appeal of an Informal Proceeding: A student sanctioned for violation of the Academic Integrity Policy may appeal the instructor's decision that a violation has occurred, and/or the sanction. The appeal must be submitted in writing to the instructor and Provost within 10 working days of the notification of sanction, if

notification is received prior to the last week of the term. If notification is sent after the term is over, the written statement of appeal must be submitted no later than the end of the first week of classes in the next semester.

The written statement of appeal must state the following:

1. Name of the person appealing
2. The basis of the appeal
3. The instructor making the decision
4. The remedy the person appealing is requesting from the Provost

Provost's Role in an Appeal: As soon as practical, the Provost will convene a meeting to hear the appeal and make a recommendation. The student making the appeal may have an advisor of the student's choice present at the hearing. The faculty involved will attend the meeting and may ask their Institute Director to attend. The purpose of the meeting is to decide if the findings of the instructor were so incorrect that the decision should be changed. The student and instructor will present their sides of the case along with any evidence. After receiving all information, the Provost will either sustain or deny the appeal. The Provost's decision will be in writing and will state the findings of fact and conclusion as to whether there has been a violation of policy or a decision that the instructor is to hold another conference with the student. The Provost will not impose a more severe sanction than the one recommended by the instructor, unless such severe sanction is deemed appropriate by the Provost based on documented repeated violations by that student.

ACCESS & RELEASE OF STUDENT INFORMATION Carr Gottstein 106
Registrar Office: (907) 564-8210
regoff@alaskapacific.edu

Annually, Alaska Pacific University informs students of the Family Educational Rights and Privacy Act (FERPA) of 1974, as amended. This Act, with which the institution intends to comply fully, was designated to protect the privacy of education records, to establish the right of students to inspect and review their education records, to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings, and to submit an explanatory statement for inclusion in the education record if the outcome of the hearing is unsatisfactory.

Students have the right to file complaints with the Family Educational Rights and Privacy Act Office of the Department of Education in Washington, D.C., concerning alleged failures by the University to comply with the act.

Written complaints should be directed to:
Family Educational Rights and Privacy Act Office,
Department of Education,
Switzer Building, Room 4074, Washington, D.C. 20202

Rules Governing Alcohol at APU

- The possession, serving, consumption, or selling of alcohol to people over the legal age of 21 is prohibited on campus without the written permission of the President of APU.
- Being intoxicated on campus is prohibited.
- Drinking on campus by people under the legal age of 21 is prohibited.
- Serving alcohol to or buying alcohol for people under the legal age of 21 is prohibited on and off campus.
- Hosting, allowing, or attending unauthorized gatherings on campus, where alcohol is served, is prohibited.
- The possession, serving, consumption, or selling of alcohol to people over the legal age of 21 is prohibited at off-campus APU events without the written permission of the President of APU.

How to Initiate a Permitted Alcohol Event

A recognized student club or department sponsors the activity and assumes responsibility for managing alcohol use during the event. For activities offered to students, the Dean of Students meets with the sponsors and establishes guidelines designed to manage liability risks for APU and prevent the violation of state, federal, and municipal laws.

A sponsor requesting permission for an event at which alcohol will be served must fill out a form obtained from the Dean of Students Office which requests the following types of information:

- Expected attendance numbers
- Presence/absence of underage students and employees

- Alcohol quantity and quality limitations
- Alcohol server qualifications
- Secure storage of alcohol before, during, and after the event
- Safety considerations applicable to the event such as transportation to and from the event and environmental conditions

Intoxication on Campus

Students identified by APU officials to be under the influence of alcohol on campus violate the APU Alcohol Policy whether the substance(s) were consumed on or off campus. Indications of being intoxicated include but are not limited to:

- Individuals who are stumbling or incoherent
- Individuals who are driving a vehicle erratically
- Individuals or groups that are abnormally and obnoxiously loud
- Individuals who are passed out, ill, or require medical attention due to alcohol consumption

Determining Consequences for Alcohol Violations

The Student Conduct System is designed to ensure that disciplinary matters are handled fairly and in ways that uphold student rights and responsibilities. APU views all student conduct proceedings as educational opportunities.

With most alcohol policy violation cases, an incident report is filed by a member of the APU community or the police. The Dean of Students or their designee organizes a meeting with the student(s) involved. These meetings are not legal proceedings, but an opportunity for the student(s) to present information relevant to allegations included in the incident report.

APU employees, including resident advisors (RAs), are authorized to investigate an incident possibly involving alcohol on campus. Cooperation is expected from all parties involved. Hostile or threatening behavior towards APU employees responding to such incidents will be taken into consideration during the student's judicial process.

The Dean of Students or their designee is responsible for overseeing sanctions imposed for violating the rules governing alcohol at APU. See Appeals Board for the appeals process.

APU community members are encouraged to assist any person on the APU campus who is dangerously intoxicated. Leaving an intoxicated person alone, allowing someone to drive while intoxicated, or watching someone perform risky activities while intoxicated can lead to serious injuries or death. Call the RA cellphone (244-7955) or Campus Safety (564-8888) if there are concerns about a person being dangerously intoxicated on campus.

Drug Free Campus

In accordance with the Drug-Free Workplace Act of 1988, Alaska Pacific University prohibits the unlawful manufacture, sale, distribution, dispensation, possession, or use of controlled substances or drugs not medically authorized on APU property or at any APU sponsored function, whether on or off-campus.

APPEALS BOARD

Atwood Center 116

Dean of Students Office: (907) 564-8287
DOSOff@alaskapacific.edu

Students have 15 business days to appeal sanctions to the Alaska Pacific University Appeals Board. Unless otherwise agreed in writing by the Dean of Students Office, sanctions begin immediately while the appeals process proceeds. Appeals of sanctions are to be submitted in writing to the Dean of Students Office, and include a specific, recognized basis for the appeal.

Criteria of the appeal must include one or more of the following reasons:

- New relevant evidence not previously available
- A flawed disciplinary process
- An excessive disciplinary punishment

The Appeals Board convenes when a case is referred from the Dean of Students. The Appeals Board is comprised of one faculty representative appointed by the Provost, one staff representative appointed by the President of APU, and one student member

appointed by the Associated Students of Alaska Pacific University (ASAPU).

A second alternate representative is identified for each position for circumstances when one or more of the members cannot hear an appeal or refuses due to conflicts of interest or involvement with a particular incident. One representative from each faculty, staff, and student body is required when considering an appeal. The Appeals Board determines collectively their internal rules of procedure and identifies one representative as the chair.

After receiving and considering the written appeal, the Appeals Board may:

- Reject the appeal on procedural grounds
- Consider the issues in the case and support the Dean's decision
- Consider the issues in the case and meet with the Dean of Students to recommend altering the original decision. In cases where the Appeals Board and the Dean of Students cannot reach an agreement, the case can be referred to the President of APU or their designee for a final decision

DOGS ON CAMPUS

Atwood Center 116

Dean of Students Office: (907) 564-8287

DOSOff@alaskapacific.edu

Policy Overview

Pets can pose a threat to the health and safety of the campus community, as well as to a healthful educational environment (through allergy, excessive noise, waste, animal bites, and disease transmission via fleas, ticks, parasites, viruses, bacteria, etc.). Pets on campus can also be destructive, causing damage to grounds, buildings, and property.

APU prohibits pets inside APU-controlled buildings, except for those animals that are exempted from this policy. Any person who walks a pet on APU-grounds shall be responsible for the behavior and actions of the pet, health and safety of individuals in proximity of the animal, and the health and cleanliness of the campus environment. To this end, the prompt collection and disposal of animal waste is required, and all pets must be attended and leashed at all times.

Pets are not permitted in the University residences, including student rooms, suites, and units. The only exception to the pet policy is fish in an aquarium no larger than 10 gallons. Fish tanks should be regularly maintained. Pets of guests may not "visit" suites or units, even on a temporary basis. Visiting pets must be on a leash and left in vehicles or outside with supervision. If any unauthorized pet is kept in a resident's room, judicial action will be taken and a \$500 cleaning and fumigation fee will be immediately charged to the resident.

APU has a comprehensive dog policy designed to minimize the difficulties associated with dogs on campus.

- Dogs on campus must be leashed at all times.
- The animal's owner or handler shall be responsible for the immediate and proper disposal of animal waste. The default area for any animal relief is the tree line at the edge of the woods. Animal waste must be disposed of in dumpsters. Office, suite, and common area trash receptacles must be avoided as a place to dispose of animal waste.
- Dogs are prohibited in campus buildings unless the dog is a certified service animal or an approved assistance animal.
- Dog exclusion areas may be posted surrounding University Lake, the APU soccer fields, and selected campus trails.

EQUAL OPPORTUNITY & NONDISCRIMINATION POLICY

Carr Gottstein 106

Registrar's Office: 564-8210

regoff@alaskapacific.edu

Alaska Pacific University is committed to providing equal opportunity in employment, activities, and its academic programs. APU does not discriminate on the basis of race, color, religion, gender, ethnic or national origin, disability, age, marital status, veteran status, membership in uniformed services, gender identity, or sexual orientation in the administration of any of its education policies, admission policies, scholarship and loan programs, athletics, and other school-administered policies and programs, or in its employment related policies and practices. APU is firmly committed to adhere to the letter and spirit of all federal and state equal opportunity and civil rights laws, including but not limited to Title IX of the Education Amendments of 1972, Section 504 of the

Rehabilitation Act of 1973, Title VII of the Civil Rights Act of 1964, the Age Discrimination in Employment Act of 1967 (ADEA), the Age Discrimination Act of 1975, the Americans with Disabilities Act (ADA) of 1990, and their implementing regulations.

Discrimination is strictly prohibited by APU and will not be tolerated. Treating a student or employee differently in the terms or conditions of their employment or education on the basis of the protected statuses listed above or any other protected status constitutes discrimination. Further, retaliation against any individual for making a complaint of harassment or of any unlawful discrimination, or for assisting in the investigation of such a complaint, will not be tolerated.

GRIEVANCE POLICY & PROCEDURE

Atwood Center 116

Dean of Students Office: (907) 564-8287

DOSOff@alaskapacific.edu

The Student Grievance Procedure is designed to assist students who have a complaint with an APU employee. Grievance procedures are not designed to resolve disciplinary situations handled under the terms of the Student Conduct System. The following actions can be grieved:

- Wrongful or erroneous fines or penalties
- Wrongful or erroneous withholding of payments or deposits, or failure to honor refund policies
- Failure to amend erroneous behavioral records

Procedure

1. An aggrieved student must first attempt to resolve all complaints informally with the APU employee directly involved in the action.
2. If the aggrieved student cannot resolve the grievance through efforts exerted in Step One, a written grievance must be filed with the Dean of Students Office. The grievance must state:
 - The nature of the grievance and the circumstances out of which it arose
 - The date of the occurrence
 - The requested remedy or correction being sought

- The efforts taken to resolve the matter pursuant to Step One, and the result(s) of those efforts
 - The filing date and signature of the grievant
 - Current contact information for the grievant
 - Grievances must be filed within 15 calendar days from the date of the occurrence. Failure to submit a grievance within such periods shall constitute a bar to further action on the grievance
 - The Dean of Students will arrange for an informal conference with the affected parties to discuss the grievance
3. If the grievance cannot be resolved pursuant to efforts taken in Step Two, the Dean of Students Office will refer the grievance to the President. The President or their authorized representative will convene a meeting of the APU Appeals Board. Within five working days, after the grievance is referred to the President, the President or their authorized representative shall provide all parties with a notice of hearing.

The notice shall contain:

- The time and place of the hearing
- The names of the presiding officer and committee members, as well as the person authorized by APU to issue a final order
- A statement of the authority and jurisdiction under which the hearing is to be held
- A statement that the hearing is being held at the request of the grievant

Student Conduct System

APU has a strong commitment to creating an educational environment that encourages the development of personal character. An important element of this commitment involves helping students develop ethical values, personal independence, and acceptance of consequences that result from personal actions and decisions. APU views all disciplinary cases as educational opportunities. Students have the right to bring charges against individuals who they believe are in violation of the Student Conduct Code. Judicial hearings are administered through the Dean of Students Office.

The Student Conduct System has been developed to address incidents where students are alleged to have violated the expectations of the Student Conduct Code. The system is designed to ensure that disciplinary matters are handled fairly and in ways that honor student rights and responsibilities. The following elements comprise the system.

Administration: The Dean of Students Office, or their designee, is responsible for disciplining students who have violated the Student Conduct Code with the exception of cases of Academic Dishonesty which are overseen by the Provost. Any member of the Dean of Students Office or other members of the APU community may file an incident report alleging a violation of the Student Conduct Code.

The Student(s) charged with Student Conduct Code violations can expect the following:

- The student(s) charged will be advised in writing of the allegations, the Student Conduct Code elements alleged to have been violated, and the nature of the evidence supporting the charges.
- The student(s) will be given an opportunity to meet with a member of the Dean of Students Office to discuss alleged violations of the Student Conduct Code. In these meetings students have the right to present witnesses and share their perspective on the incident.
- Any disciplinary action resulting from this process may be appealed to the APU Appeals Board.
- Disciplinary Process: The Dean of Students Office, or their designee, will investigate the incident and arrange a meeting with student(s) alleged to have violated the Student Conduct Code.
- Students are given at least 72-hours advanced notice of the meeting unless there are pressing considerations of public health and safety involved and/or further serious allegations of misconduct.
- Students may present witnesses and present their side of the story. If the accused student does not respond to a meeting request, the case will be considered without the student present.
- Following the investigation and meeting with the student, the Dean of Students, or their designee, will decide.
- In cases where a Student Conduct Code violation has occurred, disciplinary actions are decided by the Dean of Students Office, or their designee.
- The Dean of Students Office, or their designee, informs the student(s) in writing regarding the outcome of the process.
- Disciplinary Actions: The Dean of Students, or their designee, is responsible for overseeing sanctions imposed in disciplinary situations.

The following are examples of sanctions that may be imposed for Student Conduct Code violations: Warning, Disciplinary Reprimand, Monetary Sanction, Educational Sanction, Disciplinary Probation, Suspension from Residence, Suspension from APU, or Dismissal.

SERVICE & ASSISTANCE ANIMALS

Atwood Center 113

Disability Support Services Office: (907) 564-8287

dss@alaskapacific.edu

The Disability Support Services (DSS) Office supports and advocates for students who experience disabilities. DSS coordinates support services and reasonable accommodations for students who experience disabilities, and provides resources for the University community. Alaska Pacific University recognizes the importance of allowing people who require the use of service or assistance animals to receive the benefit of the work, tasks, or therapeutic support provided by such animals on campus. However, service animals, assistance animals, and pets are not the same.

Definitions

Pet: A pet is an animal kept for ordinary use, pleasure, and companionship. Campus Life residential housing programs have separate policies regarding pets.

Service Animal: A service animal is a dog (and in certain circumstances, a miniature horse) that has been trained to do work or perform tasks for an individual with a disability. In compliance with the Americans with Disabilities Act of 1990 (ADA), institutions that receive federal funding are required to allow the use of service animals on college campuses in order to provide equal access to programs, activities, and services. Under this policy, Alaska Pacific University allows service animals in all buildings, including residence halls and dining areas, as well as at activities and events when the service animal is accompanied on campus by a student with a disability.

Assistance Animal: An assistance animal is an animal that works, provides assistance, or performs tasks for the benefit of a person with a disability, or provides emotional support that alleviates one or more identified symptoms or effects of a person's disability. An assistance animal does not have to be professionally trained and is not considered a service animal as defined by the ADA.

Do I have to register my Service Animal?

It is encouraged, but not required. Students who need the assistance of a service animal on campus are encouraged to register the service animal with DSS.

Please note however, that students requesting to have an assistance animal, including an emotional support animal, must register with and be approved by DSS and the Director of Campus Life prior to the animal arriving on campus.

Do I have to register my Assistance or Emotional Support Animal?

Students requesting to have an assistance animal, including an emotional support animal, must register with and be approved by DSS prior to the animal arriving on campus. No animals, with the exception of approved pets (Pet section of this handbook below) or service animals, are permitted on campus without prior approval from DSS and the Director of Campus Life.

Use of Service & Assistance Animals in Residence Halls

Campus Life has modified the "Dogs on Campus" policy in the residence halls to accommodate the use of service animals and assistance animals by students with disabilities.

Expectations, Rights, and Responsibilities

- The care and supervision of all animals is the responsibility of the individual with the animal. If the animal is not under control by its owner or handler and the individual does not take immediate and effective action to control it; the animal is not housebroken; the animal's presence poses a direct threat to the health or safety of others or the animal has a history of such behavior; or the animal's presence fundamentally alters the nature of a program or service, the individual may be asked to remove the animal.
- If a student is concerned about exposure to an animal (e.g., the individual experiences severe allergies), that individual may request an accommodation through Disability Support Services. APU is committed to balancing the needs of individuals with the needs of the University community and appreciates the cooperation of all students, faculty, staff, and visitors.
- All dogs must be leashed or harnessed, unless the dog is a service animal and the restraint interferes with the animal's

work or the individual's disability prevents using these devices.

- Animals may not be tethered to University buildings, structures, motor vehicles, trees, railings, light poles, benches, parking meters, posts, etc.
- Alaska state law requires dogs, cats, and ferrets to have rabies vaccinations, and the Municipality of Anchorage requires dogs to be licensed. Additional documentation regarding health and vaccination of animals may be required by law.
- Individuals with service and assistance animals are not charged extra fees or deposits, however all individuals with animals will be held responsible for any damage caused by their animals.
- The animal's owner or handler shall be responsible for the immediate and proper disposal of animal waste. The default area for any animal relief is the tree line at the edge of the woods. Animal waste must be disposed of in dumpsters. Office, suite, and common area trash receptacles must be avoided as a place to dispose of animal waste.
- Students who have an animal should meet with the Director of Campus Life or the Disability Support Services Coordinator to discuss procedures for identifying proper waste disposal areas on-campus.
- Individuals other than the owner or handler should not touch, feed, or otherwise distract service animals. They are working animals who must remain attentive to their duties.
- Service and assistance animals cannot be left under the supervisory care of any individual on campus except for the owner or handler.
- Assistance animals should not leave the owner's room, unless it is to relieve the animal, or in case of a building emergency.
- Assistance animals must be in good health and well-groomed. The student is ultimately responsible for the cleanliness, grooming and health of the animal.
- Service and assistance animals may not be left alone overnight or for a period of time greater than eight (8) consecutive hours.

- For emergency purposes, Campus Life will place a picture of registered animals on the suite door, identifying that an animal lives in the suite.
- Animals are not allowed in food preparation, serving or dining areas, or any public area where classes, meetings, group studying, or social activities are taking place, or in laboratories using chemicals or involving hazardous procedures.

Violation of these regulations may result in confiscation of the animal and/or administrative or disciplinary action to the owner. When an animal is not restrained or not attended, a reasonable attempt will be made to locate the animal's owner. If attempts to find the animal's owner are unsuccessful, Campus Life will contact the City of Anchorage Animal Control which will remove the animal from APU property. An animal is restrained or attended when it is in the immediate vicinity of an owner, and either on a leash of six feet or shorter, in a cage/carrier, or, in the case of a certified service animal, voice-controlled by a person competent to govern the behavior of the animal. To be considered attended, an animal may not be left fastened to a stationary object. APU will seek restitution for any animal-related damage to university-controlled property, facilities, or grounds. The repair or replacement cost of damaged property is the sole responsibility of the owner of the animal that caused the damage.

Atwood Center 116

Dean of Students Office: (907) 564-8287
DOSOff@alaskapacific.edu

Hazing in any form, whether physical, mental, or psychological, will not be tolerated and is prohibited. Planning, organizing, soliciting, encouraging, aiding, abetting, and failing to report hazing is also prohibited. Consent of victim or the conduct was sanctioned or approved by a student organization does not constitute a defense to allegations of hazing.

Hazing is defined, in accordance with the Stop Campus Hazing Act, as any intentional, knowing, or reckless act committed by an individual—whether alone or with others—against another person or group of people, regardless of their willingness to participate. These acts occur in the context of initiation into, affiliation with, or continued membership in a student organization, and they cause or create a risk of physical or psychological injury beyond what a reasonable person would expect in ordinary participation in university life or sanctioned organizational activities. This includes, but is not limited to, causing bodily harm, emotional distress, humiliation, or degradation.

Hazing is a violation of the Student Conduct Code. Individuals or student organizations found responsible for hazing may be subject to disciplinary action, including but not limited to suspension, expulsion, loss of organizational recognition, or other appropriate sanctions as determined through the University's Student Conduct System.

Students who witness or experience hazing are encouraged to report the incident to the Dean of Students' Office, Campus Life/Campus Safety, the Compliance and Risk Officer or other University official.
