

Master's of Business Administration

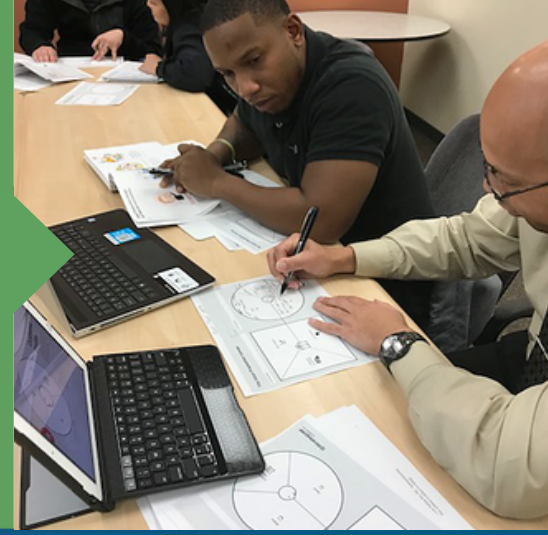

MBA

ALASKA
PACIFIC
UNIVERSITY

"Attending APU's MBA program was a rewarding experience that challenged me in the best possible way. The connections I made with faculty and fellow students were invaluable and have opened up new doors for me in my career. APU is a family that will stay with me for life."

-**Jim Hinkle, MBA'17**

Your MBA journey **starts here.**

Are you a driven professional looking to excel in your existing career, explore new professional paths, or broaden your skills and knowledge within your current role? APU's Master's of Business Administration program is designed to support your ambitions by providing a comprehensive understanding of successful business operations and cultivating crucial leadership skills required to thrive in today's rapidly changing business landscape.

Designed for busy, working adults.

The MBA program is designed for completion on your timetable while continuing to work full-time. APU's hybrid format of synchronous online evening classes and face-to-face intensives provides a combination of flexibility, engagement, and collaborative deep learning.

Outstanding faculty.

As researchers, practitioners, and subject-matter experts, our faculty connect curriculum to current Alaska and global business challenges and opportunities, providing for immediate application to your current roles.

Gain core skills for business mastery.

APU's MBA equips students with valuable business knowledge, fostering versatile skill sets through hands-on learning that can be applied to various industries and roles. Here, you'll cultivate strong networks through interactions with peers, faculty, and alumni, opening doors to new opportunities and connections.

Supercharge your career.

An MBA enhances one's credibility in the business world, signaling expertise and dedication to personal growth. This increased recognition often translates into accelerated career advancement and higher earning potential, as employers recognize the value MBA graduates bring to their organizations.

**Our Vision:
Honoring Alaska's
Indigenous
heritage,
exemplifying
excellence, and
preparing paths.**

Master's of Business **Business Administration**

Our MBA course schedules are designed with the working professional in mind. You will enjoy a uniquely hybrid learning experience, taking courses through online e-learning sessions paired with in-person weekend intensives. Our faculty are your mentors. Our intentionally small classes promote student-faculty collaboration on real-world projects. Through our MBA degree, you will gain a professional mastery in core business areas of leadership, finance, organizational change, strategy, marketing, and ethics.

Concentrations

Classic

The classic MBA provides the greatest flexibility of all the MBA options. Students can choose any 9 electives in areas including entrepreneurship, IT, and a focus in Alaska Native Business.

Finance

MBA with Concentration in Finance combines the breadth of the MBA with the depth required for careers in finance: understanding the securities markets, raising capital, valuations, and portfolio and investment theory.

Health Services

Administration

MBA with Concentration in Health Services Administration builds upon the MBA Core with specialized courses in finance, ethics, systems and policy, evaluation and outcomes, and the opportunity to explore emerging issues.

Thesis

This is the option for learners who want to deeply explore one subject and have it culminate with a published paper.
